

Director of Learning – SD 10 (Arrow Lakes)

SD 10, in the beautiful West Kootenay region of southeastern BC, seeks an innovative and creative educational leader to join our District Leadership Team. The district is well-regarded as an innovator in place-conscious learning, rich and diverse learning environments, embodies strong teaching and learning practices, and embraces BC's curriculum and BC's draft K-9 Reporting Order. We're good – and on our way to great!

Our small rural district is staffed with people who care about students and who go the extra kilometers – literally and figuratively - to make a difference! We are blessed not only with breathtaking geography – long lakes, snow-capped mountains and lush forests – but also with warm and welcoming staff, parents and community in all of our six district schools. Our parents, teachers, support staff, leadership team and Board of Education are committed to doing all that they can to support student learning.

As Director of Learning **you are a lead learner** and one of a team of two senior District leaders of learning. You will continue fostering and furthering our enthusiasm in embracing and implementing **innovative research-informed practices in teaching and learning**. You will **lead Indigenous Education** and continue to grow respectful relationships with our Indigenous elders, community, parents and learners and support inclusive indigenous learning and success and further our journey towards reconciliation. Your **leadership in Inclusive Education** will be grounded in strong practices collaborating to support all learners, and be underpinned with proven experience working with students with diverse learning needs and supporting staff in inclusive education, differentiated instruction and adapting practice to meet student needs in inclusive learning environments. You will lead district's **International Education** program in collaboration with our partner district, and will take a key leadership role in **Professional Learning** and **Early Learning** with teachers, support staff and principals and vice-principals. **Overseeing and analyzing district and provincial assessments** is another area where your skills shine. You have an **excellent grasp of current pedagogy**, and demonstrate innovative practice using assessment, data and evidence which inform teaching and learning. You adeptly use **qualitative and quantitative data and evidence** to help understand what's working, what's not and what's next in both school and district planning to enhance student learning. You are a strong leader in **Safe Schools** and **Mental Health**, and have experience implementing and supporting the ERASE strategy with schools and with community partners. You have **exemplary conflict management** skills and excellent **interpersonal relationship skills**. You are fluent using technology to communicate, and foster deep learning for professional and student learners using **technology as a tool for learning**. You have strong **Human Resources experience** and demonstrate respectful and collaborative practice with teacher and support staff Unions and Collective Agreements. Your **deep experience in school and district leadership**, positions you to be a strong source of support for principals and vice-principals. Your vision for learning is **strength-based, inquiry-informed and highly collaborative and consultative** in practice.

Qualifications:

- Masters degree in Educational Leadership, Curriculum, or relevant and related field
- Certification by the Teacher Regulation Branch of BC
- Successful leadership experience as a principal and proven excellence in district leadership
- Strength and experience supporting school principals and vice-principals
- Experience leading Inclusive Education, Indigenous Education, International Education, Professional Learning, Human Resources, Early Learning, and Safe and Healthy Schools
- Extensive experience in K-12 education in BC and a demonstrated passion and strong success in teaching and learning
- Excellent collaboration and teamwork skills; excellent interpersonal skills and communication skills
- Experience with long-range planning, report-writing, and budgeting
- Outstanding conflict management skills, teamwork and relationship-building skills
